

2017 HONOR ROLL

Our Mission: The McKenzie River Trust helps people protect and care for the lands and rivers they cherish in western Oregon.

When you give to MRT, you impact conservation from the Cascade mountains to the Oregon coast. Thank you!

TOTAL PROTECTED

Because of you, 2017 was a remarkable year for conservation in western Oregon. Thanks to your support: We partnered with ★ **Cerro Gordo Land Conservancy** to permanently protect 500 acres of hillside prairie and forest above Dorena Lake.

We continued the large-scale restoration at 1,100-acre ★ **Green Island**, removing more barriers to the river's ability to move into its floodplain at the confluence of the McKenzie and Willamette Rivers.

We paid off the loan for 278-acre ★ **Finn Rock Reach** and moved forward with habitat restoration, trails, and boat landing enhancements, thanks to large and small contributions to the McKenzie Homewaters Campaign by more than 400 donors.

We invited thousands of people out to experience the incredible places of western Oregon.

All this is only possible because of the people like you who cared enough to give time and money, and invite friends, family and neighbors to join us to work on behalf of the places you cherish.

These successes are your successes! Future generations of Oregonians will thank you. And today, we thank you.

Thank You Volunteers!

Giving back takes many forms. We appreciate the contributions of each one of our volunteers in 2017!

COURTESY OF BRYAN ANDRESEN

Volunteer Hero: Bryan Andresen

In 2017, Coyote Spencer Wetlands received some extra attention from its first Special Lands Steward. “I was astonished to learn of the biodiversity of the property,” said volunteer Bryan Andresen. “I often take my binoculars or camera on my periodic trips. After performing the ‘duties’ of the volunteer steward position—usually picking up trash, fence work, tending to bird houses, waving or talking to neighbors—I make time to simply enjoy the beauty, biodiversity, and quiet of being outside.”

A fifth generation Oregonian, Bryan grew up swimming and fishing the Willamette and

Long Tom rivers. “The work of MRT drew me to volunteer. I’m very impressed that Coyote Spencer Wetlands is an active work in progress. The property was not just acquired as a static preserve, but as a component of a network of land trust properties with specific goals to enhance native biodiversity and habitat.”

You can join Bryan and our team of conservation enthusiasts as a Special Lands Steward! Training provided.
